

My Classic Pager:

Thank you very much Tim Parr for
your devoted service to me this past summer ~~when~~
when I was in the hospital and at home, and unable to perform
~~to~~ the many duties for myself (ie: shopping, mail delivery,
driving and miscellaneous tasks). Your punctuality,
honesty, and trust was utmost important for me, ^{during this time.} You are
not a "troubleshooter" but a professional care-giver.
